3. What selection criteria and considerations are used to determine if I will receive a scholarship?
4. What are my responsibilities and obligations if selected to receive a MySuncoast Scholarship?
5. What are the steps I need to follow to apply for a MySuncoast Scholarship?

What is WIOA?

The Workforce Innovation & Opportunity Act (WIOA) is a federal law designed to provide services to individuals so they can obtain a career in a high skills, high wage occupation.

The goal of CSS and WIOA is to improve the quality of the workforce, reduce welfare dependency, increase economic self-sufficiency, meet skills requirements of employers, and enhance the productivity and competitiveness of this area and the nation.

Employment Services

WIOA establishes **three** levels of employment services for adults and dislocated workers. These levels of service are:

1. Basic Career Services – Assistance with job searching and placement, access to labor market information, initial skills assessments, and referrals to other CSS programs and services.
2. Individualized Career Services – Assessments, the creation of an individual employment plan, career counseling, and career planning.
3. Scholarship & Training Services - Training scholarships are related to in-demand, targeted occupations and can cover costs like tuition and materials.

Follow-Up Services

Selected scholarship & training recipients receive access to CSS follow-up services for at least a 12-month period once they become employed.

This service can include workplace counseling, help with securing better jobs, career planning, assistance with work-related problems, and referrals to other CSS services and/or services in the community.

Scholarship & Training Services

- Education providers and their training programs must be locally-approved, and training must be for in-demand, targeted occupations in this area.
- Training programs must be full-time and listed on the Local Targeted Occupations List to be considered for and covered by a scholarship.
- CSS cannot reimburse scholarship recipients for tuition, fees or books that have already been paid to the school or purchased.

Scholarship & Training Services

Scholarship & Training Services:

- CSS is unable to assist with the cost of any pre-requisite classes or general education requirements.
- Scholarships do not cover the cost of training vendor entrance exams, background checks, application fees or assessments.
- Training programs cannot exceed two years*.
- Scholarships offer a maximum total cap of up to \$15,000, which can be utilized over a span of up to two years*.

***Please Note: Registered Apprentice Programs listed on the CSS Eligible Training Provider List are not included in the two (2) year limitation referenced above**

Selection Criteria

General Selection Criteria:

- 18 years of age or older
- Meet U.S. citizenship requirements/authorization to work or hold a permanent resident card in the U.S.
- Meet selective service registration requirements (for men born after December 31st, 1959)

Selection Criteria

If you meet the general selection criteria, you must also meet one of the targeted selection criteria under either **Adult or Dislocated Worker.**

Adult Selection Criteria

To be selected for a scholarship under the **Adult** criteria, you need to meet only one of the four listed in this section.

Please Note: Under the **Adult** criteria, scholarship selection priority is given to interested low-income veterans and their spouses along with recipients of public assistance, other low-income individuals and individuals who are basic skills deficient.

Once all interested individuals with the above referenced characteristics have been screened/and or selected, CSS will then entertain individuals whose family income is less than the regional below self-sufficiency income levels. See chart on the next slide.

Adult Selection Criteria

This chart represents the CSS Scholarship income guidelines for **Adult** selection.

Priority is always given to those individuals whose total gross family income does not exceed the “Adult Service Priority” column. This is done by using the past six months of income multiplied by two.

Only when possible, will CSS consider individuals whose total gross family income is less than the “Adult Service Below Self-Sufficiency” column. This is done by using the past six months of income multiplied by two.

Family Size	Adult Service Priority (Family income not to exceed)	Adult Service Below Self-Sufficiency (Family income below)
1	\$15,960	\$63,900
2	\$21,640	\$89,778
3	\$27,448	\$115,656
4	\$33,888	\$141,534
5	\$39,995	\$167,412
6	\$46,777	\$193,290
7	\$53,559	\$219,168
8	\$60,341	\$245,046
